This package contains two STL files - both are the right hand magwell panel of the 5.56 boltcatch Firebolt. Both contain the Moms Demand Action logo - one file is INLAID 1mm INTO the panel and one file is EXTRUDED 1MM OUT OF the panel. You will still need to download the full firebolt package from TheGatalog and print all of the other parts, just use THIS panel for the right side magwell.

POST YOUR MAKES! PLEASE TAG @xYeezySZN on twitter!
